Impacting 21 July, 2008

"Sabrina's music is truly amazing, extremely well written and her songs make you think. Very impressive."
Carl Petron, eonmusic.com

Sabrina's CD, *Love Is...* is a vocally driven pop CD with various musical genres coming together to create one sound that is uniquely hers. With an imaginative contrast of vocal stylings and dynamic arrangements, Sabrina is destined to shed new light on contemporary music. Sabrina notes: "Life is so much better when you're doing something that makes you really happy. You know it's your purpose...and that you touch others in the process."

Sabrina began her music career on the family organ at the age of four. She then began formal piano studies at the age of seven and has been writing music ever since. It was a natural evolution for Sabrina to study dance and voice, and she later went on to performing in many musical theater productions. She has performed in concert at some of Detroit, Michigan's most notable concert halls, including the Masonic Hall and the Detroit Symphony Orchestra Hall. Most recently, Sabrina has been performing professionally throughout the Detroit, Chicago, New York and Los Angeles Metropolitan Areas. Sabrina's voice is her instrument; assured and intellectual, her sinewy vocals are reminiscent of artists who, with their captivating style, expand the listener's imagination. Sabrina's breadth of understanding calls to an inner place that's in touch with the world around it.

Inspired by lush harmonies and free flowing compositions, Sabrina's CD *Love Is...* treats the listener to a melodic world rich with personality. The result is a creation that touches the inner soul. Sabrina says, "Music is a release from all the things around me. It's an escape... and that inspiration can come from anywhere. I'll just let it take me wherever it wants to go." Be inspired to listen to Sabrina's single "My Secret." It will take you to a place you'll be glad you went.
